Dear Friends and Neighbors,

There will be a party. With people. A “Denim Night” in the barn!

But first, in case you have not heard ... The Jones Log Barn Living History Center has officially opened and is enjoying its second season! Over twenty years in the making and with generous help from many people, like yourself, the History Center is open April through October.

We love sharing the History Center with the community, its residents and with students from the five elementary schools of T/E School District on fall and spring field trips. In addition to telling the Jones Log Barn story and its rebuilding process through exhibits and displays, the Living History Center is a real farm museum with an array of antique farm tools and equipment.

As a welcoming place for museum visitors, we are dedicated to preserving our stories and education. To keep our audiences growing and to expand our current programming, we seek funding for audio and technology and its installation in the History Center.

Together we celebrate the Jones Log Barn Living History Center, but we need your support to “give the barn the sound it deserves”!

We are seeking sponsorships for “Denim Night,” our technology fundraiser scheduled **for Thursday, October 26, 7PM – 9:30PM** at the eighteenth-century Federal Barn and Duportail House in Chesterbrook ... plus, the Jones Log Barn Living History Center will be open to tour!

Wear your favorite barn attire and grab a drink, enjoy the food, and listen to the sounds of classic rock, country, and folk music with singer-guitarist Jack Mangene! **Eat. Drink. Mingle. Support.**

Our history is meant to be seen, experienced, and shared! Please review the attached “Denim Night” technology fundraiser and sponsor information. To show your community support by participating in our “Denim Night” sponsorship opportunity, we need your commitment **by October 15, 2023.**

Hope to see you at the Party on October 26!

Kind regards,

Pattye Benson
